Alistair Kell, principal, chief information officer, BDP

## Group Q&A

## Chair's closing remarks

# Speaker biographies

**HELEN CASTLE**  
Publishing director  
RIBA

Helen oversees The RIBA Journal, book publishing and retail. For 18 years she edited Architectural Design (AD). She was also executive editor of the Global Architecture publishing programme at Wiley, overseeing the US and UK lists. Before taking on RIBA Publishing she was head of RIBA professional programmes. She has a BA in the History of Art and Architecture from the University of East Anglia and an MSc from The Bartlett (UCL) in the History of Modern Architecture. She writes and talks regularly at events and schools of architecture.

**ADRIAN MALLESON**  
Head of economic research and analysis  
RIBA

As Head of economic research and analysis, Adrian carries out a range of economic research, including RIBA Future Trends and the RIBA Business Benchmarking report. He's closely monitoring the effects of COVID-19 on the architects' profession. Adrian is currently working extensively with UN Habitat to deliver the UK Government's Future Cities Programme, to help build the professional capacity of city leaders from 19 middle income cities, across the world. Adrian is the chair of the RIBA Economics Panel, and a regular contributor to the RIBA Journal and other professional publications. He has also carried out research projects for the Centre for Digital Built Britain, UK Government, construction product manufacturers, leading software vendors as well as for the RIBA and NBS.

**MEGAN MILLER**  
Director  
Product marketing  
Deltek

Megan Miller is the director of product marketing at Deltek and works with architecture and engineering firms around the world to help them improve their business processes through technology and thought leadership with resources like Deltek Clarity and Deltek's leading project-based software solutions. Prior to joining Deltek, Megan spent more than a decade in the architecture and engineering industry and stays involved in the industry today.

**ALISTAIR KELL**  
Principal & CIO  
BDP

Alistair champions the application of IT within the design and construction process to support increased efficiency across all areas of BDP with the ultimate aim of providing the best possible product for their clients. His skills lie in the understanding of the design process and the most appropriate application of new technologies to provide benefit for all parties.
